Sustainable approach.
Positive impact.

We take a forward-thinking approach to minimise our impact on the environment, from design and construction through to operation. Working with leading sustainability consultants, Chancerygate embraces the latest technologies and methods to achieve future-proof solutions.

Green initiatives at Questor 96 include:

- Solar PV panels on all units*
- High performance insulated cladding and roof materials
- Highly efficient LED lighting
- Low air permeability design
- Electric vehicle charging points
- 15% warehouse roof lights increasing natural day light
- External wellbeing areas
- Cycle shelters

*Potential savings of up to £0.32 per sq ft per annum through use of PV's based on using current energy prices as of April 2026 and assuming 100% PV generation is used.
